216 4m/c <sub>2</sub> . 216 55M	Between 14 and 17 March, 5,0 and were sent to Ditzow (T- All troop movements were ca	79), Varin (T-68),	and Sternberg (T-67).	•
416 AM/C 416 55 M	Freist Airfield (N-09), northeest of Stolp, has been greatly enlarged. Seventy to eighty large planes are permanently stationed there. Many of the flyers are Foles. The two barracks at Stolp, on the road toward Freist Airfield, are occupied by a notorized regiment equipped with 150 rm. artillery pieces.			
4.	The Russian coastal fortifications in the sand dunes at Stolpminde (G-80) have been completed. The individual installations are five meters long, four wide, and two deep, and are built of tree trunks.			
5.	5. Bodenhagen Airfield (K-25), about five km. east of Kolberg between the railroad track and the Baltic along the Schülerbrink-Bodenhagen stretch, has been completely repaired. It serves as an intermediate landing place for heavy transport planes. Heavy bombers are also stationed at this field. The pilots of many of the bombers are Poles.			
6.	On 27 February a twenty-two arrived at Woldeforst, near ammunition, bombs, and air; Woldeforst.	· Demnin (P-50), an	d unloaded a cargo or sugar all a tored at
